5 ESSENTIAL TIPS BEFORE YOU BUY IN SALENTO

Buying property in Italy can be one of the best decisions you make. But only if you *do it the right way*.

Here are five essential tips to help you avoid costly mistakes and protect your investment from the very beginning.

01

DO YOUR DUE DILIGENCE

Always verify the legal status of the property before making any commitment.

Check ownership, planning permissions, building compliance and any potential restrictions.

02

UNDERSTAND THE TRUE COSTS

The purchase price is just the beginning.

Budget for taxes, notary fees, legal fees, agency fees, renovation costs and ongoing running costs.

A clear budget prevents unpleasant surprises.

03

WORK WITH THE RIGHT PROFESSIONALS

Surround yourself with independent experts who represent your interests, not the seller's.

A lawyer, surveyor and trusted project manager are essential partners in the process.

04

PLAN AHEAD FOR RENOVATIONS

Many properties in Salento require renovation.

Get a detailed survey and realistic cost estimate before you buy, not after.

05

THINK LONG TERM & PROTECT YOUR INVESTMENT

Consider resale value, rental potential and future maintenance costs.

Protect your investment with the right structure and clear agreements.

EXPERT TIP

The most expensive mistakes are the ones you don't see until it's too late.

PREPARE WELL, ASK QUESTIONS, AND NEVER RUSH YOUR DECISION.

BEFORE MAKING AN OFFER, ASK YOURSELF:

- ☒ Have I seen all the relevant documents?
- ☒ Do I understand all the costs involved?
- ☒ Have I visited the area in different seasons?
- ☒ Is the property easily accessible all year round?
- ☒ Does the property have good rental potential if I plan to let it?
- ☒ Do I have the right team of professionals advising me?

UNDERSTAND THE ITALIAN PROPERTY PROCESS

A step-by-step overview so you know what to expect.

Buying property in Italy is different from other countries. Knowing the process will help you plan better, avoid delays and buy with confidence.

“Preparation is the key to a safe and successful property purchase.”

THE 7 KEY STEPS TO BUY PROPERTY IN SALENTO

01

FIND THE RIGHT PROPERTY

Work with a local agent who knows the area and the market. Visit properties in person and explore the surrounding area carefully.

02

MAKE AN OFFER (PROPOSTA D'ACQUISTO)

Once you find the right property, you make a formal offer in writing. It's usually non-binding but shows serious intent.

03

PAY A DEPOSIT (CAPARRA)

If the offer is accepted, you pay a deposit (usually 10% of the price) to secure the property while legal and technical checks are done.

04

LEGAL & TECHNICAL CHECKS

A lawyer (notaio) will check the title, ownership, mortgages, permits and any potential issues. A survey of the property is highly recommended.

05

PRELIMINARY CONTRACT (COMPROMESSO)

You sign a preliminary contract with the seller. The remaining balance (usually minus the deposit) is agreed and the completion date is set.

06

FINAL DEED (ROGITO)

You sign the final deed before the notary. You pay the balance and officially become the owner of the property.

07

REGISTER & UTILITIES

The property is registered in your name. You apply for utilities and, if needed, apply for residency and tax codes.

WHAT WILL IT COST YOU?		
	Purchase taxes (based on whether it's your first home)	2% – 9%
	Notary fees	1% – 2%
	Land registry & mortgage taxes	~1%
	Legal fees	1% – 1.5%
	Agency fees	3% – 5%
	Survey (recommended)	€400 – €800
	Costs are based on the purchase price and can vary. Always ask for a detailed breakdown.	

KEY ADVICE BEFORE YOU BUY

☒

Never skip the legal and technical checks. Hidden issues can be expensive.

☒

Verify if planning permission exists for any renovations or extensions.

☒

Check if the property is in a historic centre (centro storico): restrictions may apply to renovations.

☒

Understand the property's condition and estimate renovation costs realistically.

☒

Consider the accessibility: some locations are seasonal or harder to reach in winter.

☒

Think about the future: rental potential, resale value and maintenance costs.

PRO TIP
Take your time. The right property is not just about the house, but the lifestyle, the community and the feeling you get when you are there.

DUE DILIGENCE: CHECK BEFORE YOU COMMIT

“ A little time spent checking now can save you years of problems later.

The most beautiful property can hide expensive problems.
A careful check today saves time, money and stress tomorrow.

In Italy, every property has a history.
Verifying documents, permits and the legal situation is essential to protect your investment and avoid unpleasant surprises.

WHAT TO CHECK BEFORE MAKING AN OFFER

OWNERSHIP & TITLE

Verify that the seller is the legal owner and has the right to sell.

Request a recent “Visura Catastale” and Atto di Provenienza” to check the property’s history.

PLANNING STATUS

Check that the property is compliant with local planning regulations.

Look for any building permits (Licenza, Concessione, SCIA, CILA) and verify there are no abuse or illegal works.

CADASTRAL & LIVEABILITY

Confirm that the cadastral data matches the actual property.

For residential use, verify “agibilità” (habitability certificate) if available.

MORTGAGES, LIENS & DEBTS

Ensure there are no mortgages, liens, sequestri or legal disputes on the property.

Your notary will run the official checks.

UTILITIES & SERVICES

Check that water, electric and gas connections are present and functional.

If already connected, transferring the name (voltura) is usually simple and low cost.

AREA & ACCESS

Visit the area at different times and seasons.

Check road access, parking, noise, flooding risk and future development plans in the area.

DOCUMENTS YOU SHOULD REQUEST EARLY

- ✓ Visura Catastale (property details and category)
- ✓ Planimetria Catastale (floor plan)
- ✓ Atto di Provenienza (deed of ownership history)
- ✓ Concessioni Edilizie / SCIA / CILA (building permits)
- ✓ Certificato di Agibilità (habitability certificate, if available)
- ✓ APE – Attestato di Prestazione Energetica (energy certificate)
- ✓ Condominium documents (if apartment): expenses, regulations and any ongoing works

Never rely only on what the seller or agent says.
Always verify with official documents.

COMMON RED FLAGS

- ⚠ Discrepancies between the cadastral plan and the actual property
- ⚠ Unfinished or unlicensed extensions
- ⚠ No habitability certificate for a residential property
- ⚠ Ongoing legal disputes or inheritance issues
- ⚠ Properties in historic centres without proper permits
- ⚠ Unclear access or right of way

EXPERT TIP

Hire a local surveyor or technical consultant before committing. The cost is small compared to the risk of buying a property with hidden problems.
